## Papers Offered

### Proofing and Machine Prints

Proofs and prints are offered on several papers. RC paper is offered in matte surface. This is a true black and white process with excellent contrast control and suitable for fine art, architectural or portrait prints. Monochromatic RA4 papers are offered in black & white or sepia. Kodak Portra Black & White paper is offered in "E" surface and Oriental Sepia paper is offered in Matte surface for proofing. Additionally, Kodak Portra Sepia paper is offered for machine prints. These monochromatic papers are best suited for portrait and candid prints. Kodak Portra papers are offered in "E" surface which matches the surface of professional color prints.

### Proofing of Digital Files

Digital files are printed on Kodak Endura professional paper. Files may be submitted as color (for color or black & white proofs) or desaturated RGB files for Black & White proofs. Proof prices are: 3.5x5 or 4x5 \$.69. 4x6 proofs are \$.69.
